Lineage

Smokin' Cinderella

Med Rose Grey, 5/8 Chilean 3/8 Peruvian
ARI #: 30443723

This lady is rare. She has silky long fiber that exhibits the unusual Harlequin rose grey coloration of her father, Tell Hot Shot. Cinderella turned very dark grey indeed under her fawn baby coat, this color trait is also closely associated with black - as Hot Shot throws black crias frequently as well.

Color aside - her fleece is also fine, with high frequency crimp. She has very high luster and exceptional staple length as well. Her pedigree is stacked.

Avatar

Light Rose Grey, 3/4 Chilean 1/4 Peruvian
ARI #: 829619

Avatar has wonderful crimp, dense, and fine fleece, but what truly separates him from the other outstanding herd sires is his phenomenal handle - due only in part to the exceptional uniformity of his fleece. Cameron Holt, AOBA Senior Judge Trainer and world wide fiber expert, gave the following scores to Avatar's fleece: Fineness: 15/15 ; Handle: 5/5 ; Uniformity of micron: 7/8 ; Crimp: 8.5/10 ; Density: 3/5 ; Brightness: 8/10 ; Lack of medullation: 8/10. (Scores are given without regard to color).

Avatar's Elvis

Son of multi-champion, Avatar, Elvis has settled his first females. We are anxious to welcome the arrival of his first offspring in 2011. Elvis is a big boy, standing tall, stately and proud like his 'daddy'. He promises to bring fineness, brightness and density to his crias. His beautiful light and medium shades of rose grey carry a lavender hue and his staple length is fantastic. He has a calm and gentle temperament and is very easy to handle. Elvis was not shown in 2010 because of an injury to his lower mandible. We expect future recognition of his outstanding genetics to come through fleece shows and award winning offspring. Call with your questions or to schedule a breeding.
