

Pacifica's D' Peruvian Rising Tide

Rising Tide has done exceptionally well in the show ring, and has been the center of attention! He has an awesome disposition, fantastic conformation, and incredible bone structure that is strong and compact! His dense, fine fleece is consistently crimped and tightly bundled throughout!!! In competitive light classes he has placed above white animals, and judges have commented at his complete package of qualities over and over.

His first crias are on the ground, they are females and improvements over their dams. His first cria sold shortly after weaning!!!

Book a breeding soon to be part of a RISING TIDE!!!
